

Meet Sharon

I have lived in Cyprus for 11 years after leaving the grey skies of England, I feel I have personal experience in surgery in Cyprus . With beautiful relaxing surroundings that lovely holiday atmosphere it makes for the perfect holiday surgery destination. Being in the E.U. the clinics and hospitals meet stringent E.U. standards and of course highly qualified surgeons.

I first met Dr.Andreas Ioannidis at Advanced Aesthetics about 3 years ago after extensive research into cosmetic and plastic surgery in Cyprus, as soon as I walked into his office suite I felt totally at ease and relaxed met by his friendly welcoming P.A. Arlene. On meeting Dr. Andreas Ioannidis I found him to be the most approachable welcoming surgeon with vast amounts of experience, highly qualified who showed patience and compassion with all my questions. I felt completely safe and comfortable in his hands.

The day of surgery again the atmosphere was welcoming and calm, the medical staff being very kind. Dr. Andreas spent time to go through the procedure again in case of last minute questions. The whole process was a joy totally relaxed with excellent results.

I have recommended many people to Dr.Andreas who are all of the same opinion.

I now work with Dr.Andreas Ioannidis looking after every need and care of clients prior to travel , during their stay, throughout the procedure right up to leaving Cyprus. I will personally meet you at Larnaca airport take you to your chosen Larnaca beach hotel, accompanying you to appointments, consultations and be there before and after surgery generally supporting you every step of the way. Also spend nice social time in 1 of many good restaurants and village taverns . My phone is always open for questions and any further arrangements. I will liaise with the Dr. Andreas Ioannidis this way your trip will be coordinated professionally effectively and efficiently. We assure complete discretion and, I am sure with my personal experience this will help you giving you the best in cosmetic surgery in Cyprus.

Regards,

Sharon
